

Deaths from motor vehicle traffic has been declining while deaths from falls has been on the rise

Number of Deaths
Trend Analysis
1999 to 2014

Chart Design: Thom Disch for [Stop The Slip](#)

Data Sources: NEISS All Injury Program operated by the Consumer Product Safety Commission (CPSC).

National Center for Injury Prevention and Control, CDC using WISQARS™ and National Vital Statistics Reports

- Deaths from motor vehicle traffic declined by 18% during the last 15 years.
- Deaths from falls has increased by 137% during the last 15 years.
- If these trends continue, deaths from falls will surpass deaths from motor vehicle traffic very soon.
